At Timescan, Mrs. Priya is responsible for overseeing secretarial functions, facilitating Board and Committee processes, ensuring timely regulatory reporting, and supporting the implementation of effective governance practices.

Her strong understanding of corporate laws, attention to detail, and commitment to compliance continue to contribute to strengthening the Company's governance framework, transparency, and adherence to regulatory requirements.

CHAIRMAN'S INSIGHTS

Dear Valued Shareholders,

As we present the 20th Annual Report of Timescan Logistics (India) Limited, I am honoured to reflect upon a significant milestone in our journey. Twenty years ago, we embarked on a vision to build a logistics enterprise founded on reliability, integrity and customer trust. Today, as we celebrate this landmark year, we take pride in the progress we have achieved and the strong foundation we have built for the future.

Over the past two decades, Timescan Logistics has continuously evolved to meet the changing needs of global trade. What began as a freight forwarding business has grown into an integrated logistics

solutions provider offering air freight, sea freight, transportation, customs clearance, warehousing and value-added logistics services. Our growth has been guided by a clear purpose—to simplify supply chains, create value for our customers and deliver sustainable returns to our stakeholders.

The financial year 2025–26 was another year of resilience and progress. While global trade continued to face challenges arising from geopolitical developments, changing trade routes and economic uncertainties, the Indian logistics sector demonstrated remarkable strength. Continued investment in infrastructure, policy reforms under the National Logistics Policy and PM Gati Shakti, increasing manufacturing activity and the expansion of global supply chains have reinforced India's position as an emerging logistics and manufacturing hub. These developments continue to create significant opportunities for organised logistics companies with strong operational capabilities and customer-focused solutions.

Against this backdrop, your Company delivered another year of encouraging performance. Revenue from Operations increased to Rs. 294.74 Crore during the year as compared to Rs. 257.97 Crore in the previous financial year, while Profit After Tax grew to Rs. 6.33 Crore from Rs. 5.86 Crore. These results reflect the resilience of our business model, disciplined financial management and the unwavering commitment of our management team and employees in delivering value to our customers.

The year under review was also marked by strategic initiatives that will strengthen the Company's long-term growth trajectory. We expanded our domestic network through the establishment of our Bengaluru Branch Office, enabling us to enhance our reach across South India and provide faster, more efficient services to our customers. We further strengthened our integrated logistics capabilities by taking a warehouse on lease at the Nhava Sheva Dock Region (NDR), which enhances our warehousing and cargo handling infrastructure while enabling us to offer more comprehensive supply chain solutions.

In line with our vision of expanding our international footprint, the Company incorporated PT Timescan Logistics

Indonesia, marking our entry into Indonesia. This strategic expansion strengthens our presence in the ASEAN region and reflects our long-term commitment to supporting customers through a broader international logistics network. As cross-border trade continues to grow, this initiative positions the Company to seize emerging opportunities in one of the world's most dynamic economic regions.

While expanding our operations, we have remained equally committed to strengthening our governance framework. The Board continues to uphold the highest standards of transparency, accountability and ethical business practices, recognising that sustainable growth can only be achieved through sound governance, prudent risk management and responsible decision-making. These principles remain deeply embedded in the Company's culture and continue to guide our long-term strategy.

As we enter the next phase of our journey, we do so with confidence and optimism. The logistics industry is undergoing rapid transformation, driven by digitalisation, technology adoption, evolving customer expectations and the increasing demand for integrated supply chain solutions. We view these changes not as challenges, but as opportunities to innovate, improve operational efficiencies and expand our service capabilities. Our strategic priorities will remain centred on strengthening our domestic and international presence, investing in technology, enhancing customer experience and creating sustainable long-term value for all our stakeholders.

This milestone year also offers an opportunity to express my sincere gratitude. On behalf of the Board of Directors, I thank our shareholders for their continued confidence, our customers for their enduring trust, our business partners and bankers for their valuable support, and the regulatory authorities for their guidance. Most importantly, I extend my heartfelt appreciation to our Managing Director, fellow Directors, the leadership team and every member of the Timescan family whose dedication, professionalism and commitment have been instrumental in shaping the Company's success.

The completion of twenty years is not merely a celebration of our past—it is the beginning of a new chapter. With a strong foundation, a clear strategic vision and the collective strength of our people, we are confident that Timescan Logistics will continue to grow as a trusted logistics partner, connecting businesses across borders and creating enduring value for generations to come.

Yours Sincerely,

Jacob Anilkumar Bunga
Chairman

MANAGING DIRECTOR'S INSIGHTS

Dear Shareholders,

This year marks a significant milestone in the journey of Timescan Logistics (India) Limited as we proudly complete two decades of serving customers and facilitating international trade. Over the past twenty years, we have steadily evolved from a freight forwarding company into an integrated logistics service provider offering comprehensive air freight, ocean freight, customs clearance, transportation, and multimodal logistics solutions. This journey has been built on a simple philosophy—delivering reliable services, creating lasting customer relationships, and continuously adapting to the changing needs of global commerce.

The financial year 2025–26 was characterised by a rapidly evolving global logistics environment. International trade continued to witness shifts in supply chain strategies, changing freight dynamics, geopolitical developments, and increasing demand for resilient logistics networks. Businesses today expect logistics partners to provide not only efficient cargo movement but also greater visibility, faster response times, regulatory expertise, and dependable execution. These evolving expectations continue to reshape the industry and reinforce the importance of agility, operational excellence, and customer-focused service delivery.

Despite these dynamic market conditions, Timescan Logistics remained focused on what has always defined our business—understanding customer requirements and delivering efficient logistics solutions with consistency and reliability. Supported by our experienced team, established global network, and strong operational processes, we continued to strengthen our market presence while delivering services that create value for our customers and business partners.

During the year, the Company recorded healthy growth in both revenue and profitability, reflecting disciplined execution, improved operational efficiencies, and sustained demand across our freight forwarding business. These results reaffirm the resilience of our business model and demonstrate our ability to adapt to changing market conditions while maintaining our focus on profitable and sustainable growth.

Our Air Freight business continued to play a vital role in supporting customers requiring time-sensitive and high-value cargo movement. Through close coordination with airline partners and a strong focus on service reliability, we successfully catered to diverse industry segments with efficient and timely logistics solutions.

Our Ocean Freight operations also delivered a stable performance during the year, supported by strong relationships with global shipping lines, effective cargo planning, and efficient freight management. By continuously monitoring market developments and optimising routing solutions, we remained well-positioned to support customers navigating an increasingly dynamic international trade environment.

One of our key strengths continues to be our integrated multimodal logistics capabilities. By combining air, ocean, road, and other transportation modes, we are able to provide customised supply chain solutions that improve flexibility, optimise transit times, and enhance overall logistics efficiency. As customer supply chains become increasingly complex, the ability to deliver seamless end-to-end logistics solutions remains a significant differentiator for Timescan Logistics.

Operational excellence continues to remain at the core of our business strategy. Throughout the year, we focused on strengthening internal processes, enhancing documentation accuracy, improving shipment visibility, and streamlining operational workflows to deliver greater efficiency across our service network. Continuous improvements in process management have enabled us to respond more effectively to customer requirements while maintaining high standards of compliance and service quality.

Technology continues to transform the logistics industry, and we remain committed to leveraging digital solutions that improve operational efficiency and customer experience. Our continued focus on process automation, digital documentation, shipment tracking, and information management supports faster decision-making, improved transparency, and greater reliability across our operations. We believe that technology, combined with operational expertise, will continue to be a key driver of sustainable growth.

At the heart of our success are our people. Every successful shipment represents the coordinated efforts of our operations, documentation, customer service, finance, and business development teams. Their dedication, professionalism, and unwavering commitment to delivering quality service have enabled Timescan Logistics to earn the confidence of customers across industries. I extend my sincere appreciation to each member of the Timescan family for their valuable contribution to our continued progress.

I also express my heartfelt gratitude to our customers, overseas associates, airline and shipping partners, transport partners, vendors, and all other stakeholders whose continued confidence and collaboration have been instrumental in our growth. Long-term relationships built on trust, transparency, and mutual success remain one of our greatest strengths.

Looking ahead, we remain optimistic about the opportunities before us. India's expanding role in global trade, increasing emphasis on supply chain diversification, infrastructure development, and growing

demand for integrated logistics solutions provide a strong foundation for the organised logistics sector. Our priorities remain clear—to strengthen our operational capabilities, expand our business relationships, embrace digital transformation, enhance service excellence, and pursue sustainable, profitable growth while remaining responsive to the evolving needs of our customers.

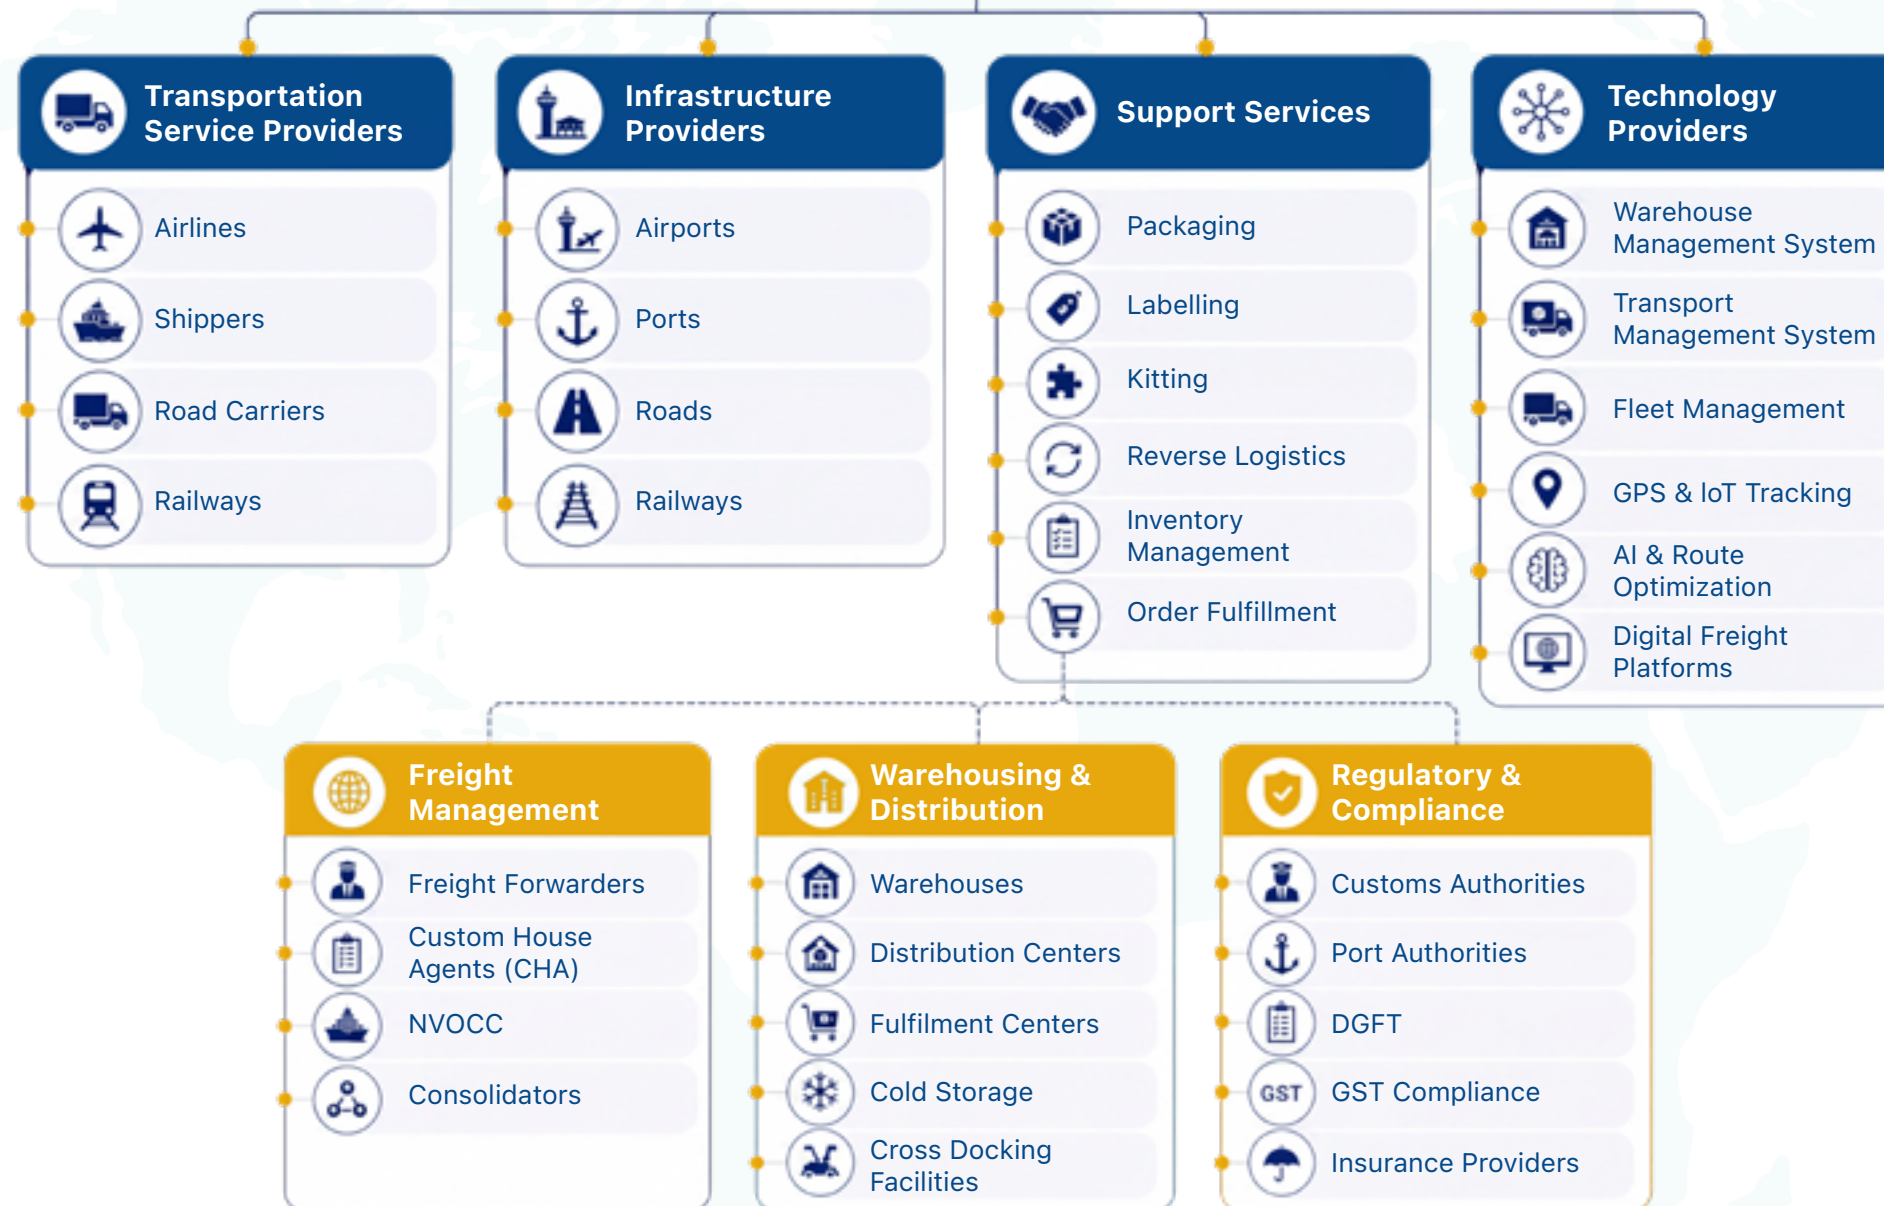

As we celebrate twenty years of our journey, we do so with a sense of pride, gratitude, and renewed purpose. While the industry around us continues to evolve, our commitment remains unchanged—to provide dependable logistics solutions, create enduring customer value, and build a stronger organisation for the future. With the continued support of our stakeholders and the dedication of our employees, I am confident that Timescan Logistics will continue to grow responsibly and create lasting value in the years ahead.

On behalf of the management team, I thank our shareholders for their continued confidence in the Company and for being an integral part of our journey. We look forward to building on our legacy together as we enter the next chapter of growth.

DIVIDEND

The Board of Directors of your Company has decided not to recommend any dividend for the financial year under

review. This decision has been taken considering the Company's financial performance, cash flow position and future business requirements.

The Board considers it prudent to retain the earnings within the business to support the Company's ongoing operations, expansion plans and growth initiatives. The retained resources are expected to strengthen the Company's financial position and provide greater flexibility to meet its future business requirements.

The Board believes that the decision to retain the earnings is in the best interests of the Company and its stakeholders, with a focus on sustainable growth, financial stability and long-term value creation.

TRANSFER OF UNCLAIMED DIVIDEND TO INVESTOR EDUCATION & PROTECTION FUNDS (IEPF)

In accordance with the provisions of Sections 124 and 125 of the Act and Investor Education and Protection Fund (Accounting, Audit, Transfer and Refund) Rules, 2016 (IEPF Rules), dividends not encashed/claimed within seven years from the date of declaration are to be transferred to the Investor Education and Protection Fund (IEPF).

The IEPF Rules mandate companies to transfer shares of Members whose dividends remain unpaid/unclaimed for a period of seven consecutive years or more to the demat account of IEPF established by the Central Government. The Members, whose dividends/shares are transferred to the IEPF, can claim their shares/dividends from the IEPF Authority.

In terms of the applicable provisions of the IEPF Rules, unclaimed dividends were not required to be transferred during the Financial Year 2025-26 to the IEPF as seven consecutive years has not been elapsed.

SECRETARIAL AUDIT REPORT

Form MR-3

SECRETARIAL AUDIT REPORT

Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial

Personnel) Rules, 2014]

(For the Financial Year Ended 31st March 2026)

To,

The Members,

Timescan Logistics (India) Limited

No.18/3, Rajah Annamalai Building,

Annex III Floor, Rukhmani Lakshmipathy Road,

Egmore, Chennai – 600008,

Tamil Nadu

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Timescan Logistics (India) Limited (CIN: L60232TN2006PLC061351)** (hereinafter called the “Company”) for the financial year ended 31st March, 2026. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon;

Based on our Verification of books, papers, minute books, forms and returns (filed within/beyond the time limits) and other records maintained by the Company and also the information provided by the Company, its officers agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering **1st April, 2025 to 31st March, 2026** complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and Compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter;

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the audit period **1st April, 2025 to 31st March, 2026** according to the provisions of:

- The Companies Act, 2013 (the Act) and the rules made there under;
- The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made
- The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

- The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent it was applicable during the Audit Period: -
- The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; **(Not applicable to the Company during the period under review)**
 - The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **(Not applicable to the Company during the period under review)**
 - The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not applicable to the Company during the period under review)**
 - The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; **(Not applicable to the Company during the period under review)**
 - Securities and Exchange Board of India (Depositories & Participants) Regulation, 2018.
 - Securities and Exchange Board of India (Listing Obligation & Disclosure Requirement) Regulation, 2015 "SEBI (LODR)".
Since the securities of the Company are listed on SME platform of NSE Emerge, the compliance with the Corporate Governance provisions as specified in Regulation 17 to 27 and Clauses (b) to (i) of Regulation 46(2) and para C, D and E of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, are not applicable to the Company.
- We have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company.

We have also examined compliance with the applicable provisions and clauses of the following:

- Secretarial Standards issued by The Institute of Company Secretaries of India.
- The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013;
- Environment Protection Act, 1986 and other environmental laws;

Based on aforesaid information provided by the Company, we report that during the financial year under report, the Company has complied with the provisions of the aforementioned applicable Acts including applicable provisions of the Companies Act, 2013 and Rules, Regulations, Guidelines, Standards etc. mentioned hereinabove and we have no material observation or instances of non-Compliance in respect of the same.

I further report that

- The Board of Directors of the Company is duly constituted and in the compliance with the provision of the Act.
- No changes in the composition of the Board of Directors took place during the period under review.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- As per the minutes of the Board duly recorded and signed by Chairman, the decisions of Majority decision is carried through and recorded as part of the Minutes of the Meetings. I did not find any dissenting directors' views in the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, and guidelines.

I further report that the Compliance by the company of applicable Financial Laws like Direct & Indirect Tax Laws, Goods and Service Tax has not been reviewed in the audit since the same has been subject to the review by the

statutory financial audit and other designated professionals.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

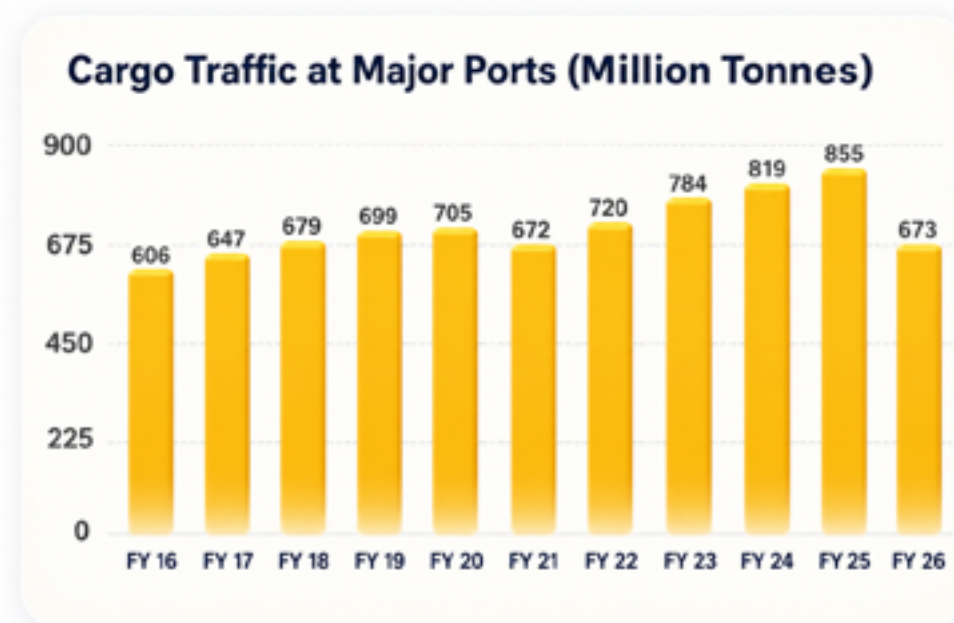

SHIPPING INDUSTRY & PORTS IN INDIA

(Source: IBEF)

India, with its 7,516 km coastline, is the sixteenth-largest maritime nation in the world and a critical player in global trade. The country's maritime infrastructure is anchored by 12 major ports and more than 200 notified minor and intermediate ports, with six new mega ports planned under the National Perspective Plan for Sagarmala. There are 12 major ports in the country, 6 on the eastern coast and 6 on the western coast. More than 54% of the total cargo is being handled at 12 major ports in India. Nearly 95% of India's trade by volume and 70% by value is carried through maritime transport, underscoring the sector's central role in sustaining economic growth and international commerce. The Government of India has been a strong enabler for the industry, allowing 100% Foreign Direct Investment (FDI) under the automatic route for port and harbour construction and maintenance, while also offering a 10-year tax holiday to enterprises engaged in the development, operation, and maintenance of ports and inland waterways.

MARKET SIZE

In FY25, all key ports in India handled 854.56 million tonnes (MT) of cargo traffic compared to 819 MMT handled during FY24. During FY26 (April-December), total Cargo handled by major ports was 672.99 MMT with overseas cargo and coastal cargo accounting for 77.37% and 22.63%, respectively. Merchandise exports reached US\$ 366.26 billion during FY26 (April 2025 to January 2026) and US\$ 437.70 billion in FY25. The Government has taken several measures to improve operational efficiency through mechanisation, deepening the draft and speedy evacuations. The Energy Information Administration (EIA) estimated that India's consumption of petroleum and other liquid fuels will reach 5.65 million barrels per day (mbpd) in 2025 and 5.81 mbpd in 2026. India's crude oil and petroleum products imports stood at 260.04 MMT in FY25 and 264.45 MMT in FY26 (April-December 2025).

INVESTMENTS/DEVELOPMENTS

Some of the major recent developments are:

- At India Maritime Week 2025, investment pledges worth Rs. 12 lakh crore (US\$ 135.5 billion) were signed, with approximately 30% directed toward port development and modernization. This aligns with India's goal to scale its maritime sector significantly.
- India plans to roll out Rs. 4,000 crore (US\$ 454 million) in incentives over 10 years from 2026 to boost its shipbreaking industry and reclaim market share from Bangladesh and Pakistan.
- Union Minister for Ports, Shipping and Waterways, Mr. Sarbananda Sonowal, stated India's ports sector is set to attract investments worth Rs. 80 lakh crore (US\$ 903.65 billion). During the upcoming Maritime Week, MoUs worth Rs. 10 lakh crore (US\$ 112.96 billion) were expected to be signed. New Mangalore Port Authority highlighted its net profit growth and plans to triple capacity over the next 20 years using solar power.
- Ports in India are projected to handle 95% of trade by volume and contribute 2-3% annually to India's GDP. A government investment of Rs. 8 trillion (US\$ 90.36 billion) plus reforms are expected to generate around 15 million jobs by 2047. This scale of investment and job creation provides long-term competitive advantage and economic growth.
- Vadhavan Port, set to be India's largest with a Rs. 77,427 crore (US\$ 9 billion) investment plans to raise Rs. 30,000 crore (US\$ 3.5 billion) in debt to strengthen maritime trade.
- India will invest Rs. 75,000 crore (US\$ 8.72 billion) from July 2025 over five years to establish three shipbuilding clusters along the east and west coasts, strengthening domestic capabilities and attracting global partnerships.
- Inland Water Transport (IWT) recorded 145.5 MMT cargo movement in FY25, with traffic projected to exceed 200 MMT by 2030 through sustained schemes, infrastructure, and policy support.
- The average turnaround time at major ports has fallen from 127 hours in 2010-11 to 49.32 hours as of FY26 (April 2025 to December 2026).
- The Conference on Maritime Decarbonization in India, held in October 2024, reinforced the nation's goal of net-zero emissions by 2070, showcasing initiatives like Harit Sagar and Harit Nauka guidelines for green ports and cleaner shipping. India and the Netherlands plan to establish a green, digital corridor linking Indian ports with the Port of Rotterdam to export green hydrogen and its carriers, including ammonia and methanol, to Europe, under India's Maritime Vision 2030.
- Deendayal Port Authority emerged as India's top major port by cargo volumes, handling 116.25 million tonnes

in FY26 (April-December), accounting for nearly 17.23% of the total. It was followed by Paradip Port in Odisha, which handled 115.26 million tonnes, contributing around 17.13% of the total cargo.

- APSEZ handled a record 450 million tonnes of cargo in FY25, achieving a 7% YoY increase in domestic port operations. The company continued its expansion and now operates 15 ports across India, with Mundra Port surpassing 200 million tonnes in annual cargo volume for the first time.
- India's Major Ports have achieved significant milestones in FY25, demonstrating notable progress in cargo handling, operational efficiency, and infrastructure development. Major Ports recorded a 4.3% growth in cargo handling, reaching approximately 855 million tonnes, up from 819 million tonnes in FY24.
- In FY25, 962 acres of land were allocated for port-led industrialisation, expected to generate Rs. 7,565 crore (US\$ 887.80 million) and attract future investments of Rs. 68,780 crore (US\$ 8.07 billion).
- India's ports sector is set for major expansion between FY23 and FY28, with an estimated annual capacity addition of 500-550 million Tonnes Per Annum (MTPA). This growth is primarily driven by increased handling of Petroleum, Oil, and Lubricants (POL), coal, and containerized cargo.
- India's Inland Waterways Authority of India (IWA), under the Ministry of Ports, Shipping and Waterways, has achieved a historic milestone by recording a cargo movement of 145.5 million metric tonnes (MMT) in FY25, reflecting a CAGR of 20.86% from 18.1 MMT in FY14. A YoY increase of 9.34% was noted from FY24.
- Adani Ports and Special Economic Zone Ltd. has secured a five-year operation and maintenance contract at Kolkata Port, which will help the company enhance synergies with its transshipment hubs in Colombo and Vizhinjam.
- India plans to establish a new shipping company to expand its fleet by at least 1,000 ships in the next decade, aiming to reduce freight costs and capture more revenue from increasing trade, with joint ownership by state-run oil, gas, and fertilizer companies, along with the state-run Shipping Corporation of India and foreign companies, targeting a reduction of at least one-third in foreign freight outgoings by 2047.
- Adani Group plans Rs. 26,088 crore (US\$ 3 billion) investment over three to five years to expand global ports capacity, targeting strategic acquisitions in Europe, Africa, and Southeast Asia to increase revenue from overseas ports to 20-25% and support the India-Middle East-Europe Economic Corridor.
- On March 15, 2024, the Ministry of Ports, Shipping and Waterways approved Rs 645 crore (US\$ 77.79 million) for 10 new waterways projects on the Brahmaputra in Assam, enhancing connectivity, boosting river tourism, and facilitating public commute, all under the Sagarmala programme.

- On March 09, 2024, India's trade in container shipments experienced notable growth, totalling nearly 1.9 million TEUs, marking a 5% increase from January. Mundra Port managed 6,35,000 TEUs, Nhava Sheva Port handled 5,65,000 TEUs, and PSA Mumbai processed 1,58,000 TEUs.
- India has plans to invest US\$ 82 billion in port projects by 2035.
- The Global Maritime India Summit 2023 to serve as a platform to showcase global best practices, foster investment partnerships and chart a new and bright course for our collective future.
- The cumulative FDI equity inflow in the Port industry is Rs. 6,730.9 crore (US\$ 1.6 billion) during the period April 2000-June 2025.
- India plans to cut its maritime carbon footprint by powering 1,000 vessels with renewable energy over five years. Aligning with net zero goals by 2070, the move supports eco-friendly cargo transport, backed by Rs. 50,000 crore (US\$ 5.75 billion) infrastructure investment in inland waterways.
- Jawaharlal Nehru Port Trust (JNPT) Special Economic Zone (SEZ) became the first of its kind operational port-based multi-product SEZ in India.

GOVERNMENT INITIATIVES

Some of the major initiatives taken by the government to promote the ports sector in India are as follows:

- Sagarmala Programme envisages 839 projects with a total estimated investment of about Rs. 5.79 lakh crore (US\$ 65.52 billion) by 2035. Of these, 277 projects worth approximately Rs. 1.41 lakh crore (US\$ 15.95 billion) have been completed, while 209 projects worth around Rs. 1.62 lakh crore (US\$ 18.33 billion) are under implementation. Another 353 projects, with an investment worth Rs. 2.75 lakh crore (US\$ 31.12 billion) are in planning stage.
- Under the Sagarmala Programme, 65 projects with an estimated investment of approximately Rs. 2.20 lakh crore (US\$ 24.89 billion) have been identified for implementation for non-major ports. Of these, 10 projects worth Rs. 12,692 crore (US\$ 1.44 billion) have been completed, 21 projects worth about Rs. 48,009 crore (US\$ 5.43 billion) are currently under implementation, and the remaining 34 projects, with an estimated cost of approximately Rs. 1.59 lakh crore (US\$ 17.99 billion) are at various stages of planning.
- The government encourages private sector participation through PPPs to modernize port terminals and improve logistics. Around 50% of major ports operate under PPPs currently, expected to grow to 85% over the next decade. PPPs have contributed around Rs. 550 billion (US\$ 6.2 billion) in investments over 25 years.
- The government targets Rs. 80 lakh crore (US\$ 903.65 billion) investments under Sagarmala to boost port

handling capacity to 10,000 MMT by 2047, generating millions of jobs.

- The government passed five crucial marine-related bills recently, including the Indian Ports Bill, which signifies a watershed moment for the sector. Financial incentives and schemes have accelerated shipbuilding and maritime infrastructure growth, setting the stage for next growth phases in port demand and operations.
- The Rajya Sabha passed the Indian Ports Bill, 2025 on August 18, 2025, replacing the 1908 colonial law to modernise port operations, enhance transparency, ensure environmental and safety standards, and align with global practices.
- There are 234 port modernization projects worth Rs. 2,91,279 crore (US\$ 32.96 billion). Of which, 106 projects worth Rs. 35,423 crore (US\$ 4.01 billion) have been completed and 53 projects worth Rs. 71,956 crore (US\$ 8.14 billion) are being implemented as of December 2025.
- As of December 2025, the Sagarmala Programme has identified 279 port-connectivity projects worth Rs. 2,06,373 crore (US\$ 23.35 billion). Of these, 149 projects worth Rs. 1,22,971 crore (US\$ 13.91 billion) comprise of 96 completed projects valued at Rs. 58,628 crore (US\$ 6.63 billion) and 52 projects under implementation worth Rs. 67,378 crore (US\$ 7.62 billion). 114 rail projects worth Rs. 1,00,599 crore (US\$ 11.77 billion) have been taken up, with 49 completed. 152 road projects worth Rs. 98,422 crore (US\$ 11.52 billion) have been identified, with 26 completed. 10 Multi-Modal Logistics Parks (MMLP) worth Rs. 2,237 crore (US\$ 261 million) are being developed, with five operational and others in advanced stages of implementation. Five parks located in Chennai, Bengaluru, Indore, Nagpur, and Jogighopa.
- The government introduced One Nation One Port Process (ONOP) initiative in February 2025 which aims to unify documentation and processes across all major ports, reducing paperwork by 25% for container and bulk cargo operations and driving substantial savings in logistics costs.
- The Union Budget 2025-26 introduced a Maritime Development Fund (MDF) of Rs. 25,000 crore (US\$ 2.9 billion) to support ship acquisition and infrastructure, aiming to raise the share of Indian-flagged ships in global cargo to 20% by 2047.
- The Government of India is advancing Sagarmala 2.0 with Rs. 40,000 crore (US\$ 4.65 billion) in support to drive Rs. 12,00,000 crore (US\$ 139.49 billion) in investments from 2025 to 2035, enhancing shipbuilding, port modernisation, coastal growth, and maritime competitiveness.
- India and the Netherlands will establish a green and digital corridor between Indian ports and the Port of Rotterdam to boost clean energy trade. This initiative focuses on exporting green hydrogen and its derivatives to Europe while enhancing port digitalisation, green shipping, and logistics, aligning with India's Maritime Vision 2030 to modernise port infrastructure.

- To encourage a modal shift to Inland Water Transport (IWT), the Government introduced the "Jalvahak" Cargo Promotion Scheme on December 15, 2024, offering 35% reimbursement on operational costs and launching scheduled cargo services on key NW routes. The Union Budget 2025-26 also extended the tonnage tax regime to inland vessels under the Indian Vessels Act 2021.
- The Union Cabinet has approved the construction of a six-lane access-controlled greenfield high-speed National Highway, connecting Jawaharlal Nehru Port Authority (JNPA) Port (Pagote) to Chowk (29.219 kilometer) in Maharashtra at an investment of Rs. 4,500 crore (US\$ 521.50 million).
- India's 12 major ports handled 673 million tonnes of cargo in FY26 (April-December). Total cargo reached 855 million tonnes in FY25, reflecting ~4% YoY increase from FY24.
- In October 2024, Union Cabinet approved the development of the National Maritime Heritage Complex (NMHC) at Lothal, Gujarat, showcasing India's 4,500-year-old maritime heritage. This project is expected to enhance employment, tourism, and cultural preservation with phased development supported by public-private partnerships with a completion goal of 2025 for its first phase.
- In July 2024, the Union Minister for Ports, Shipping, and Waterways Mr. Sarbananda Sonowal approved a Rs. 284.19 crore (US\$ 34 million) project by the Jawaharlal Nehru Port Authority (JNPA) to establish a comprehensive agricultural commodity processing and storage facility aiming to streamline logistics, reduce handling stages, and extend the shelf life of agricultural products. The projected export capacity includes a frozen store of 1,800 metric tonnes, a cold store of 5,800 metric tonnes, and dry warehouses for 12,000 metric tonnes of grains, cereals, and dry cargo.
- On 19 June 2024, the Government of India approved the establishment of a Major Port at Vadhavan, Maharashtra, with an estimated cost of Rs. 76,220 crore (US\$ 9.14 billion), aiming to enhance EXIM trade capacity and accommodate mega vessels, while facilitating public-private partnerships for infrastructure development.
- On 29 July 2024, Secretary Mr. T.K. Ramachandran reviewed the functioning of the Paradip Port Authority (PPA) and inaugurated key projects worth over Rs. 13 crores (US\$ 1.56 million), including a Trauma and Burn Care Centre and a Water Treatment Plant with a capacity to filter 16 million litres of water per day, enhancing the port's infrastructure and services.
- On July 26, 2024, the Government of India announced an update to the Shipbuilding Financial Assistance Policy (SBFAP), which has provided financial aid totalling Rs. 337 crores (US\$ 40.40 million) to enhance India's competitiveness against foreign shipyards and revitalize the shipbuilding industry. Since the policy's inception, 313 vessel orders valued at approximately Rs. 10,500 crores (US\$ 1.26 billion) have been secured.
- On July 26, 2024, the Government of India announced 29 new proposals from Andhra Pradesh and Visakhapatnam

Port Trust under the Sagarmala project, totalling approximately Rs. 3,300 crores (US\$ 395 million). These initiatives include port development and fish landing centres.

- The Union Budget 2025-26 extends the Shipbuilding Financial Assistance Policy (SBFAP) 2.0 with Rs. 18,090 crore (US\$ 2.08 billion) outlay, offering subsidies to Indian shipyards to offset costs and boost domestic shipbuilding.
- Under the Sagarmala Programme, 45 projects totalling Rs. 47,166 crore (US\$ 5.69 billion) have been earmarked for execution at Non-Major Ports. Of these, 4 projects worth Rs. 5,419 crore (US\$ 0.65 billion) have been finalized, while 17 projects valued at Rs. 27,673 crore (US\$ 3.34 billion) are presently underway. 31 out of the 45 projects are being carried out through Public-Private Partnership (PPP) mode, with a collective investment of Rs. 45,973 crore (US\$ 5.54 billion).
- On March 07, 2024, the Union Minister for Ports, Shipping, and Waterways, Mr. Sarbananda Sonowal approved a project exceeding Rs. 800 crore (US\$ 96.48 million) to revamp Syama Prasad Mookerjee Port, Kolkata, encompassing berth reconstruction and mechanization to enhance operational efficiency and global competitiveness.
- On February 20, 2024, The Union Minister of Ports, Shipping & Waterways and Ayush, Mr. Sarbananda Sonowal initiated major waterways projects in Northeast India, including inaugurating terminals at Bogibeel and Sonamura, unveiling projects worth Rs. 308 crore (US\$ 37.14 million) and announcing initiatives for improved connectivity and economic growth.
- The Ministry of Ports, Shipping and Waterways will invest over Rs. 57,000 crore (US\$ 6.55 billion) to boost Kandla Port's capacity, including a Rs. 30,000 crore (US\$ 3.45 billion) mega shipbuilding project and Rs. 27,000 crore (US\$ 3.10 billion) cargo terminal.
- On September 19, 2023, the Ministry of Ports, Shipping, and Waterways proposed the Indian Ports Bill with the aim of enhancing transparency in port tariffs and updating penalties. The bill empowers the Maritime States Development Council (MSDC) for integrated planning and introduces a three-tier dispute resolution mechanism for conflicts between state maritime boards.
- On August 24, 2023, the Ministry of Ports, Shipping and Waterways initiated the development of a Next-Gen Container Terminal at Tuna Tekra, Gujarat, through a Rs. 4,243.64 crore (US\$ 511.7 million) PPP agreement with DP World, enhancing port infrastructure and trade connectivity.
- On January 27, 2023, the Honourable Minister for Ports, Shipping, and Waterways inaugurated the National Logistics Portal (Marine). This platform connects logistics stakeholders, enhancing efficiency, transparency, and reducing costs and time delays through IT integration. Covering all transport modes, it offers seamless end-to-

end logistics service coverage.

- The government aims to increase Inland Water Transport (IWT) share to 5% by 2030 as per Maritime India Vision (MIV)-2030, emphasizing its cost-effectiveness and sustainability for bulk cargo transportation, particularly along National Waterway No. 1 (River Ganga).
- In Union Budget 2023-24, the total allocation for the Ministry of Shipping was US\$ 1,813.16 million (Rs. 2,218.74 crore).
- The "Green Port Guidelines" issued by the Ministry of Ports, Shipping and Waterways in May 2023 provides a roadmap for Indian major ports to reduce carbon intensity through green technologies, renewable energy, electrification, waste minimisation, environmental monitoring, and sustainability targets consistent with national de-carbonisation goals.

ROAD AHEAD

The Indian ports and shipping sector is on a transformative growth path, supported by rising investments, expanding cargo volumes, and a strategic policy push. Service providers in areas like O&M, pilotage, harbouring, and marine assets are already benefiting, while the development of domestic waterways promises a cost-effective and environmentally sustainable mode of freight movement. By 2030, the operationalisation of 23 waterways will further diversify India's logistics network.

The Shipbuilding Financial Assistance Policy (SBFAP), extended until March 2026, is playing a pivotal role in strengthening the shipbuilding industry, with added incentives for green-fuel and hybrid propulsion systems driving technological advancement. Complementing this, the Sagarmala programme's massive pipeline of 574 projects worth Rs. 6,00,000 crore (US\$ 82 billion) is reshaping coastal and port infrastructure. Mega investments at Kandla Port and the establishment of the Rs. 25,000 crore (US\$ 2.87 billion) Maritime Development Fund reaffirm the government's commitment to capacity building and global competitiveness.

As these initiatives converge, India is well-positioned to not only lower logistics costs but also to evolve as a sustainable, technology-driven maritime hub. The road ahead will be marked by enhanced efficiency, greater self-reliance, and a stronger presence in global shipping and trade networks.

OVERVIEW

Timescan Logistics (India) Limited, an ISO 9001:2015 certified company, is a leading integrated logistics and supply chain solutions provider, delivering comprehensive end-to-end services across domestic and international markets. With a strong presence across multiple transportation modes, the Company offers a wide spectrum of logistics solutions encompassing Sea Freight Forwarding, Air Freight Forwarding, Customs Clearance, Warehousing and Distribution, Multimodal Transportation, Project Cargo Handling, Third-Party Logistics (3PL) Services, Packaging Solutions, and allied value-added services such as loading, unloading, and unpacking operations.

As a registered Multimodal Transport Operator (MTO), the Company leverages its extensive industry expertise, robust partner network, and technology-driven processes to provide seamless and efficient logistics solutions tailored to the evolving requirements of diverse industries. Our integrated service model enables customers to optimize their supply chains, enhance operational efficiency, and achieve cost-effective movement of goods across geographies.

Operating on an agile asset-light business model, Timescan Logistics enjoys significant scalability, operational flexibility, and the ability to swiftly adapt to changing market dynamics. This approach allows the Company to efficiently deploy resources, expand service offerings, and deliver customized logistics solutions while maintaining capital efficiency and sustainable growth.

Driven by a clear strategic vision and a strong focus on continuous improvement, Timescan Logistics remains committed to strengthening its market position and expanding its service capabilities. The Company aspires to emerge as one of India's most trusted and future-ready integrated transport and logistics utilities, facilitating seamless trade, enhancing supply chain efficiencies, and contributing to the nation's economic growth through world-class logistics solutions.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian logistics industry continues to be a critical pillar of the country's economic growth, facilitating the efficient movement of goods across domestic and international markets. Driven by increasing trade activity, expanding manufacturing capabilities, rising e-commerce penetration, and growing consumer demand, the sector is undergoing significant transformation and modernization.

The Government of India continues to strengthen the logistics ecosystem through the implementation of the National Logistics Policy (NLP) and the PM Gati Shakti National Master Plan, aimed at improving multimodal connectivity, reducing logistics costs, enhancing operational efficiency, and promoting integrated infrastructure development. The increasing adoption of digital platforms such as the Unified Logistics Interface Platform (ULIP), coupled with advancements in technology-driven supply chain management, is enhancing transparency, visibility, and efficiency across logistics operations.

Significant investments in transportation infrastructure, including Dedicated Freight Corridors (DFCs), highways, ports, inland waterways, multimodal logistics parks, and warehousing facilities, are strengthening India's logistics capabilities and enabling faster movement of cargo across the country. Government initiatives under Bharatmala, Sagarmala, and other connectivity enhancement programmes continue to support the development of an integrated and efficient logistics network.

The sector is also witnessing increasing demand for integrated logistics solutions, freight forwarding services, customs clearance, warehousing and distribution, and third-party logistics (3PL) services as businesses seek greater supply chain resilience, cost optimization, and operational agility. Furthermore, India's emergence as a

preferred manufacturing and sourcing destination is expected to generate sustained demand for advanced logistics and supply chain solutions.

Looking ahead, the Indian logistics industry remains well-positioned for long-term growth, supported by favorable government policies, continued infrastructure investments, digital transformation initiatives, and the increasing integration of domestic and global supply chains. These developments are expected to create significant opportunities for organized logistics service providers offering end-to-end and value-added logistics solutions.

Current Industry Landscape

During FY 2025-26, the Indian logistics sector continued to operate in a dynamic business environment influenced by evolving global trade patterns, changing customer expectations, and increasing demand for supply chain efficiency. While international trade volumes remained resilient, the industry continued to navigate challenges arising from geopolitical uncertainties, freight rate volatility, fuel price fluctuations, and changing regulatory requirements across various jurisdictions.

The freight forwarding and transportation segments witnessed sustained demand from industries such as manufacturing, engineering, chemicals, pharmaceuticals, consumer goods, and e-commerce. Businesses increasingly sought logistics partners capable of providing integrated and flexible solutions that optimize costs, improve transit efficiency, and enhance supply chain visibility.

Customers are progressively moving towards consolidated service offerings encompassing freight forwarding, customs clearance, warehousing, multimodal transportation, and value-added logistics services through a single service provider. This trend is driving the growth of organized logistics companies with established operational capabilities, strong compliance frameworks, and diversified service portfolios.

The competitive landscape continues to evolve with increasing emphasis on service quality, technology-enabled operations, operational reliability, and customer-centric solutions. Logistics service providers are focusing on strengthening strategic partnerships, expanding service capabilities, and improving operational efficiencies to maintain competitiveness in a rapidly changing market environment.

Despite near-term uncertainties arising from global economic conditions and geopolitical developments, the long-term outlook for the Indian logistics industry remains positive. Growing trade activity, increasing manufacturing output, rising consumption levels, and the continued formalization of the logistics sector are expected to support sustained demand for integrated logistics and supply chain management services.

Against this backdrop, Timescan Logistics (India) Limited remains well-positioned to leverage its diversified service portfolio, asset-light operating model, industry expertise, and customer-centric approach to capitalize on emerging opportunities and support the evolving logistics requirements of its customers.

Key Industry Developments

The Indian logistics industry continued to witness significant transformation during FY 2025-26, driven by a combination of policy reforms, infrastructure expansion, technological advancements, and evolving global trade patterns. As India's economy continued to grow and integrate further with global supply chains, the logistics sector played an increasingly important role in facilitating the efficient movement of goods and supporting industrial and commercial activity.

Government initiatives aimed at improving multimodal connectivity, reducing logistics costs, and enhancing ease of doing business continued to strengthen the overall logistics ecosystem. Simultaneously, increasing adoption of digital technologies, growing demand for integrated supply chain solutions, expansion of warehousing infrastructure, and the rising importance of supply chain resilience have reshaped industry dynamics and customer expectations.

The sector also benefited from increasing manufacturing activity, growth in domestic consumption, rising export-import trade volumes, and the continued expansion of e-commerce and organized retail. In response to these developments, logistics service providers have focused on enhancing operational efficiency, expanding service capabilities, leveraging technology-driven solutions, and adopting sustainable business practices to meet the evolving needs of customers. Key developments that influenced the logistics industry during FY 2025-26 are outlined below:

1. Expansion of Multimodal Logistics Infrastructure

The Government's continued focus on integrated infrastructure development through PM Gati Shakti, Dedicated Freight Corridors (DFCs), Bharatmala, Sagarmala, and Multi-Modal Logistics Parks (MMLPs) has strengthened connectivity across road, rail, air, and maritime networks. These initiatives are expected to improve cargo movement efficiency, reduce transit times, and lower logistics costs across the supply chain.

2. Accelerated Digital Transformation

Digitalization continued to reshape the logistics ecosystem through increasing adoption of real-time shipment tracking, digital documentation, data analytics, automation, and integrated logistics platforms. The growing utilization of digital initiatives such as the Unified Logistics Interface Platform (ULIP) is enhancing transparency, operational visibility, and supply chain efficiency.

3. Growth in Integrated Logistics and 3PL Services

Businesses are increasingly seeking end-to-end logistics solutions from a single service provider to optimize costs and improve operational efficiency. This has accelerated demand for integrated logistics services encompassing freight forwarding, customs clearance, transportation, warehousing, distribution, and value-added supply chain solutions, thereby driving growth in the Third-Party Logistics (3PL) segment.

4. Supply Chain Diversification and Resilience

Global supply chain realignments and evolving trade patterns have encouraged businesses to diversify sourcing

and distribution networks. Companies are increasingly focusing on supply chain resilience through strategic inventory management, multimodal transportation, alternative trade routes, and stronger logistics partnerships to mitigate operational risks and enhance business continuity.

5. Rising Trade and Manufacturing Activity

India's growing role as a global manufacturing and sourcing destination, supported by increasing exports, expanding industrial production, and favourable government initiatives, has generated sustained demand for freight forwarding, customs clearance, warehousing, and multimodal transportation services. The continued growth of cross-border trade remains a key driver for the logistics sector.

6. Expansion of Warehousing and Distribution Networks

The warehousing sector continued to witness strong growth driven by e-commerce expansion, organized retail, manufacturing activity, and demand for efficient inventory management. Investments in modern warehousing infrastructure, automation, and distribution networks are supporting faster order fulfillment and improved supply chain performance.

7. Increasing Focus on Sustainable Logistics

Sustainability has emerged as a strategic priority across the logistics industry. Companies are increasingly adopting fuel-efficient transportation, route optimization, multimodal transportation solutions, energy-efficient warehousing, and environmentally responsible operational practices aimed at reducing carbon emissions and improving resource utilization.

8. Evolving Customer Expectations and Service Excellence

Customers increasingly demand greater visibility, faster transit times, reliability, and customized logistics solutions. This has prompted logistics service providers to enhance service quality, strengthen technology capabilities, and offer flexible, customer-centric solutions to remain competitive in a rapidly evolving market environment.

Overall, the logistics industry continues to benefit from supportive policy initiatives, infrastructure development, technological innovation, and growing trade activity, positioning the sector for sustained long-term growth.

SWOT ANALYSIS

The logistics sector continues to play a pivotal role in facilitating domestic and international trade by enabling the efficient movement of goods across supply chains. During FY 2025-26, the industry continued to benefit from increasing trade activity, growing manufacturing output, rising demand for integrated logistics solutions, and continued government focus on infrastructure development and logistics efficiency. At the same time, evolving global trade patterns, geopolitical uncertainties, freight rate fluctuations, and changing customer expectations have reshaped the competitive landscape.

Against this backdrop, the Company's key strengths, weaknesses, opportunities, and threats are as follows:

STRENGTHS

1. Integrated Service Portfolio

The Company offers a comprehensive range of logistics services, including sea and air freight forwarding, customs clearance, multimodal transportation, warehousing, project cargo handling, and third-party logistics (3PL) solutions, enabling it to provide end-to-end supply chain solutions to customers.

2. Asset-Light Business Model

The Company's asset-light operating model provides operational flexibility, scalability, and capital efficiency, allowing it to adapt quickly to changing market conditions while maintaining cost competitiveness.

3. Industry Expertise and Customer Relationships

With extensive experience in the logistics sector, the Company has developed strong relationships with customers, shipping lines, airlines, transport operators, and other stakeholders, supporting consistent service delivery and customer retention.

4. Multimodal Logistics Capabilities

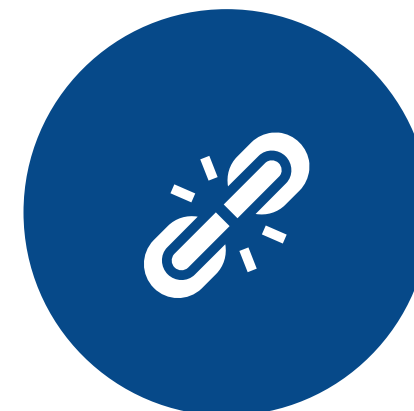

The ability to offer integrated transportation solutions across road, air, and sea modes enables the Company to efficiently manage diverse customer requirements and optimize supply chain operations.

5. Focus on Service Quality and Compliance

The Company's emphasis on operational excellence, regulatory compliance, and customer-centric services strengthens its reputation and enhances customer confidence.

6. Compliance and Process-Driven Operations

Strong emphasis on regulatory compliance and operational controls enhances business credibility and service reliability.

WEAKNESSES

1. Dependence on Third-Party Service Providers

As an asset-light logistics service provider, the Company relies significantly on external transportation providers, shipping lines, airlines, and warehouse operators, which may impact service availability and pricing.

2. Exposure to Freight Rate Volatility

Fluctuations in ocean freight, air freight, and transportation rates may impact margins and operational planning, particularly during periods of market uncertainty.

3. Intense Industry Competition

The logistics industry remains highly competitive, with the presence of both organized and unorganized players exerting pressure on pricing and market share.

4. Dependence on Trade Volumes

Business performance is closely linked to domestic and international trade activity, making the Company susceptible to economic slowdowns and changes in trade patterns.

5. Limited Control Over External Logistics Infrastructure

Port congestion, vessel delays, transportation disruptions, and infrastructure constraints may impact service delivery timelines.

OPPORTUNITIES

1. Growth in Indian Logistics Sector

Increasing industrial activity, rising exports and imports, expanding e-commerce, and growing domestic consumption are expected to drive long-term demand for logistics and supply chain services.

2. Expansion of Third-Party Logistics (3PL) Services

Businesses are increasingly outsourcing logistics functions to specialized service providers, creating opportunities for growth in integrated logistics and supply chain management services.

3. Government Infrastructure Initiatives

Continued investments under the National Logistics Policy, PM Gati Shakti, Dedicated Freight Corridors, Bharatmala, Sagarmala, and multimodal logistics parks are expected to improve logistics efficiency and create new business opportunities.

4. Technology-Driven Logistics Solutions

Increasing adoption of digital platforms, automation, real-time tracking, and data analytics provides opportunities to enhance service quality, improve operational efficiency, and strengthen customer engagement.

5. India's Emergence as a Manufacturing Hub

Growing manufacturing activity and supply chain diversification strategies adopted by global businesses are expected to generate increased demand for freight forwarding, customs clearance, warehousing, and transportation services.

6. Growth in Cross-Border Trade and E-Commerce

Increasing international trade and expanding e-commerce activity are expected to support sustained growth in logistics demand.

THREATS

1. Global Economic and Geopolitical Uncertainties

Economic slowdowns, geopolitical tensions, trade restrictions, and disruptions in international shipping routes may adversely impact global trade volumes and logistics demand.

2. Regulatory and Compliance Risks

Changes in customs regulations, taxation policies, trade laws, and other regulatory requirements may increase compliance obligations and operational costs.

3. Freight and Fuel Cost Volatility

Significant fluctuations in freight rates, fuel prices, and transportation costs may impact profitability and operational efficiency.

4. Supply Chain Disruptions

Natural disasters, port congestion, labour shortages, cyber threats, and geopolitical events may disrupt logistics operations and affect service delivery.

5. Competitive Pressure

Increasing competition from domestic and international logistics companies may result in pricing pressure and margin compression across service segments.

6. Technological and Cybersecurity Risks

Increasing dependence on digital systems exposes logistics operators to cybersecurity threats and data security risks.

The Company continuously monitors industry developments and market conditions while focusing on operational excellence, customer satisfaction, technology adoption, and prudent risk management to strengthen its competitive position and capitalize on emerging growth opportunities.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The Company is primarily engaged in the business of providing integrated logistics and supply chain solutions, including freight forwarding, customs clearance, multimodal transportation, warehousing, project cargo handling, and third-party logistics (3PL) services. These services are closely interconnected and are managed as a unified business operation.

During the year under review, the Company continued to strengthen its presence across various logistics service offerings by focusing on operational efficiency, customer service excellence, and expansion of its service capabilities. Freight forwarding services, encompassing both sea and air freight operations, remained a key contributor to the Company's business. The Company also witnessed continued demand for customs clearance, multimodal transportation, and value-added logistics solutions from its diverse customer base.

The Company's integrated service approach enables it to provide end-to-end logistics solutions tailored to customer requirements, thereby enhancing customer retention and creating opportunities for cross-selling multiple services. The increasing demand for comprehensive supply chain management solutions and third-party logistics services continued to support the Company's business growth during the year.

As the Company operates predominantly in a single business segment, detailed segment-wise reporting is not applicable. The Company's performance is therefore evaluated on an overall basis considering the integrated nature of its logistics and supply chain operations.

OUTLOOK

The outlook for the Indian logistics industry remains robust, supported by favourable economic fundamentals, expanding manufacturing activity, increasing domestic consumption, and sustained growth in international trade. The sector is expected to benefit from continued government focus on infrastructure development, multimodal connectivity, logistics digitization, and supply chain optimization initiatives aimed at improving India's global competitiveness.

The implementation of the National Logistics Policy (NLP), PM Gati Shakti National Master Plan, Unified Logistics Interface Platform (ULIP), Dedicated Freight Corridors, multimodal logistics parks, and other infrastructure enhancement initiatives is expected to further improve operational efficiency, reduce logistics costs, and strengthen the overall logistics ecosystem. These developments are creating a more integrated and technology-enabled framework for the movement of goods across the country.

The increasing adoption of integrated logistics solutions, growth in Third-Party Logistics (3PL) services, expansion

of warehousing and distribution networks, and rising demand for end-to-end supply chain management services are expected to generate significant opportunities for organized logistics service providers. Furthermore, India's emergence as a preferred manufacturing and sourcing destination, supported by supply chain diversification strategies and increasing export-oriented production, is expected to drive sustained demand for freight forwarding, customs clearance, multimodal transportation, and value-added logistics services.

Technology is expected to remain a key growth enabler for the industry, with increasing adoption of digital documentation, automation, artificial intelligence, data analytics, and real-time shipment visibility solutions. These advancements are expected to improve operational efficiency, enhance customer experience, and strengthen supply chain resilience.

At the same time, the industry continues to face challenges arising from geopolitical uncertainties, evolving trade regulations, freight rate fluctuations, cybersecurity risks, and changing customer expectations. Companies that can effectively combine operational excellence, technology adoption, service reliability, and customer-centric solutions will be better positioned to capitalize on emerging opportunities.

Against this backdrop, Timescan Logistics (India) Limited remains focused on strengthening its service capabilities, enhancing operational efficiency, expanding customer relationships, and leveraging its integrated logistics platform to drive sustainable growth. The Company believes that its diversified service portfolio, asset-light business model, industry expertise, and commitment to service excellence position it favourably to participate in the long-term growth opportunities within the logistics sector.

The Company remains confident of creating long-term value for its stakeholders while continuing to support the evolving logistics and supply chain requirements of its customers.

RISKS AND CONCERNS

The logistics industry operates in a dynamic and interconnected environment influenced by global trade flows, economic conditions, regulatory developments, technological advancements, and evolving customer expectations. As an integrated logistics service provider, the Company is exposed to various risks that may impact its operations, financial performance, and growth prospects. The Company recognizes that effective risk management is critical for sustaining business continuity, operational resilience, and long-term value creation.

The Company has established a structured risk management framework to identify, assess, monitor, and mitigate potential risks. Through continuous evaluation of internal and external factors, the Company seeks to proactively address emerging challenges while strengthening its operational capabilities and governance practices.

The key risks and concerns affecting the Company and the logistics industry are outlined below:

1. Operational and Supply Chain Risks

The Company's operations are dependent on the efficient functioning of transportation networks, ports, airports, customs processes, warehousing facilities, and third-party service providers. Port congestion, vessel schedule disruptions, transportation bottlenecks, infrastructure constraints, labour shortages, natural disasters, and other unforeseen events may adversely affect service delivery, transit timelines, and operating costs.

2. Freight Rate and Fuel Price Volatility

The logistics industry remains susceptible to fluctuations in freight rates, fuel prices, transportation costs, and carrier capacity. Significant changes in these factors may impact profitability, pricing strategies, and customer demand patterns.

3. Global Trade and Geopolitical Risks

International logistics operations are influenced by global economic conditions, geopolitical tensions, trade restrictions, sanctions, armed conflicts, and changes in international trade policies. Such developments may disrupt supply chains, alter trade routes, increase transportation costs, and affect cargo volumes.

4. Regulatory and Compliance Risks

The Company operates in a highly regulated environment and is required to comply with various laws and regulations relating to customs, taxation, transportation, trade, environmental standards, data protection, and corporate governance. Changes in regulatory requirements or failure to comply with applicable regulations may result in penalties, increased compliance costs, and reputational impact.

5. Cybersecurity and Technology Risks

The increasing adoption of digital platforms, automated processes, and technology-enabled logistics solutions has enhanced operational efficiency but has also increased exposure to cybersecurity threats, ransomware attacks, data breaches, system failures, and technology disruptions. Any significant security incident may affect business operations, customer confidence, and regulatory compliance.

6. Financial Risks

The Company is exposed to financial risks arising from foreign exchange fluctuations, credit risk, liquidity constraints, interest rate movements, and delayed customer payments. Effective financial management and monitoring mechanisms are essential to mitigate potential adverse impacts on cash flows and profitability.

7. Human Resource Risks

The logistics sector continues to face challenges relating to talent acquisition, employee retention, workforce productivity, and availability of skilled personnel. Failure to attract, develop, and retain qualified professionals may impact operational efficiency and service quality.

8. Environmental, Social and Sustainability Risks

Growing stakeholder focus on sustainability, climate change, carbon emissions, energy efficiency, and responsible business practices is increasing expectations from logistics companies. Adverse weather events, environmental regulations, and evolving ESG requirements may influence operational practices, compliance obligations, and investment decisions.

9. Competitive Risks

The logistics industry remains highly competitive, with the presence of large integrated logistics companies, global freight forwarders, regional operators, and unorganized market participants. Intense competition may lead to pricing pressure, margin compression, and challenges in customer acquisition and retention.

10. Reputational Risks

The Company's reputation is dependent on its ability to consistently deliver reliable services, maintain regulatory compliance, protect customer information, and uphold high standards of business conduct. Service disruptions, compliance failures, cybersecurity incidents, or adverse stakeholder perceptions may impact the Company's reputation and business relationships.

Risk Management Approach

The Company continuously monitors changes in the business environment and undertakes periodic risk assessments to identify emerging risks and opportunities. Through robust internal controls, compliance mechanisms, operational reviews, technology adoption, employee development initiatives, and strategic planning, the Company seeks to effectively manage risks while supporting sustainable growth and long-term value creation for all stakeholders.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has established a comprehensive internal control framework commensurate with the nature, scale, and complexity of its business operations. The internal control system is designed to ensure operational efficiency, safeguarding of assets, reliability of financial reporting, compliance with applicable laws and regulations, and effective management of business risks.

The Company has implemented well-defined policies, procedures, and control mechanisms across its key business processes. These controls incorporate appropriate checks and balances, including authorization procedures, documentation standards, reconciliation processes, segregation of duties, and management reviews, to minimize operational, financial, and compliance risks while ensuring accuracy and integrity in business transactions.

The internal control framework is designed to address risks associated with the achievement of the Company's strategic, operational, financial, and compliance objectives. The Company employs both preventive controls, aimed at reducing the likelihood of errors or irregularities, and detective controls, intended to identify and address exceptions on a timely basis. The framework is periodically reviewed to ensure its continued effectiveness in a dynamic business environment.

The Company continuously monitors the effectiveness of its internal controls through ongoing management reviews, periodic internal audits, compliance assessments, and process evaluations. The findings and recommendations arising from such reviews are examined by the management, and appropriate corrective actions are implemented wherever required. The Company remains committed to continuously strengthening its internal control environment in line with evolving business requirements, regulatory developments, and industry best practices.

Recognizing the increasing importance of digital technologies in business operations, the Company has also implemented appropriate information technology controls and cybersecurity measures to protect critical business information, ensure data integrity, and support operational continuity.

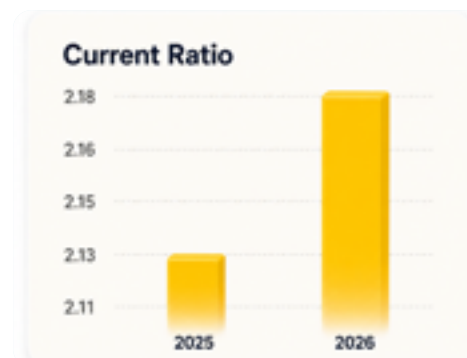

The Internal Auditor conducts periodic reviews of the adequacy and effectiveness of the internal control systems and processes. Significant observations, along with management responses and corrective action plans, are presented to the Audit Committee for review and monitoring.

The Audit Committee, comprising Independent and Non-Executive Directors, provides oversight of the Company's financial reporting process, internal control systems, risk management framework, internal and statutory audit functions, and compliance mechanisms. The Committee periodically reviews internal audit findings, the adequacy of internal controls, implementation of audit recommendations, and other governance-related matters to ensure the effectiveness of the overall control environment.

Based on the reviews conducted during the year, the management is of the opinion that the Company's internal control systems are adequate and operating effectively, providing reasonable assurance regarding the orderly and efficient conduct of business, safeguarding of assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information.

SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

Particulars	Ratio as on 31st March, 2026	Ratio as on 31st March, 2025	Change in percentage of ratio as compared to previous year
Debtors Turnover Ratio	9.07	12.46	27.21% (Decrease)
Current Ratio	2.18	2.13	2.35% (Increase)
Operating Profit Margin	10.12	9.51	6.41 (Increase)
Net Profit Margin	2.15	2.27	5.29 (Decrease)

Notes:

- The Debtors Turnover Ratio decreased by 27.21% during the year under review, primarily due to an increase in the average trade receivables outstanding. The higher receivable balance resulted in a comparatively longer collection cycle, leading to a decline in the ratio. The management continues to closely monitor receivables and strengthen collection efforts to maintain healthy working capital and improve cash flow efficiency.
- There are no significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in the other key financial ratios.
- The Company is service-based industry. So, Inventory Turnover Ratio is not applicable to the Company.

DEVELOPMENTS IN HUMAN RESOURCES

The Company firmly believes that its people are its greatest strength and that sustained business growth is driven by a capable, committed, and future-ready workforce. Human capital continues to remain a strategic priority, and the Company is focused on creating an environment that promotes continuous learning, innovation, collaboration, and high standards of professional excellence.

During the year under review, the Company continued to strengthen its people practices by investing in employee capability development, performance enhancement, and leadership building. Learning initiatives were designed to improve technical expertise, functional knowledge, managerial effectiveness, and behavioural competencies, enabling employees to adapt to changing business requirements and industry developments.

The Company's talent management philosophy is centred on attracting, developing, and retaining competent professionals while providing equal opportunities for growth and advancement. Employees are encouraged to take ownership of their professional development through continuous learning, cross-functional exposure, and participation in knowledge-sharing initiatives that contribute to both individual and organisational success.

Creating an engaging and inclusive workplace continues to be a key area of focus. The Company fosters a culture of mutual respect, teamwork, transparency, and accountability, where employees are empowered to contribute ideas, embrace innovation, and deliver excellence. Open communication, recognition of performance, and employee engagement initiatives have further strengthened collaboration across the organisation.

The Company also places significant emphasis on employee well-being, workplace safety, and maintaining the highest standards of ethics and integrity. Regular awareness programmes and policy orientations are conducted to reinforce compliance with the Company's Code of Conduct, applicable laws, and corporate governance practices. The organisation continues to provide a safe, healthy, and respectful work environment that supports employee welfare and productivity.

Industrial relations remained cordial throughout the year, reflecting the Company's commitment to maintaining harmonious relationships with its employees. As on **31 March 2026**, the Company had **88 employees**, including **5 Key Managerial Personnel**, whose dedication, professionalism, and collective efforts continue to play a pivotal role in achieving the Company's strategic objectives and creating sustainable value for all stakeholders.

**CONSERVATION OF ENERGY, TECHNOLOGY
ABSORPTION AND FOREIGN EXCHANGE
EARNINGS AND OUTGO**

ANNEXURE - E

PARTICULARS REGARDING CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The Company continues to focus on the optimum utilization of resources by adopting efficient logistics and operational practices aimed at optimizing resource utilization and minimizing wastage. Continuous efforts are made to enhance operational efficiency through effective route planning, efficient utilization of available resources, and process improvements, wherever feasible. The Company remains committed to sustainable business practices. However, no specific capital expenditure was incurred on energy conservation equipment or initiatives during the financial year under review.

A. CONSERVATION OF ENERGY

i. The steps taken or impact on conservation of energy:

The Company remains committed to promoting energy conservation through efficient operational and administrative practices. During the year under review, the Company continued to emphasize optimum utilization of resources by implementing measures aimed at reducing energy consumption and improving operational efficiency. The key initiatives undertaken include:

- Continued optimization of transportation routes to reduce travel distance, fuel consumption, and vehicle idle time.
- Efficient planning and consolidation of cargo movements to maximize load utilization and reduce the number of trips.
- Effective coordination with shipping lines, airlines, and other logistics partners to streamline cargo movement and minimize unnecessary transshipments.
- Efficient scheduling of logistics operations to optimize the utilization of handling equipment and reduce turnaround time.
- Promoting employee awareness regarding energy conservation through responsible use of lighting, air conditioning, office equipment, and other utilities.
- Encouraging digital documentation and electronic communication, wherever feasible, to reduce paper consumption and associated resource usage.
- Encouraging virtual meetings and digital collaboration, wherever practical, to reduce travel-related energy consumption.

These initiatives have contributed to improved resource utilization and operational efficiency while supporting the Company's commitment to sustainable business practices.

ii. Steps taken by the Company for utilizing alternate sources of Energy

The Company continues to encourage the adoption of energy-efficient practices and the optimum use of available resources across its operations. During the year under review, the following measures were continued:

- Encouraging the use of energy-efficient office equipment and appliances to reduce electricity consumption.
- Promoting the use of laptops and other energy-efficient devices in place of conventional desktop systems, wherever feasible.
- Sensitizing employees and operational personnel on energy-saving practices, including switching off electrical equipment when not in use and minimizing unnecessary fuel consumption.
- Optimizing operational schedules to improve resource utilization and reduce energy consumption during peak hours, wherever practicable.
- Continuing the use of LED lighting and other energy-efficient fixtures in office and warehouse facilities, wherever installed and feasible.
- Maximizing the use of natural daylight and ventilation in office and warehouse premises, wherever feasible, to reduce dependence on artificial lighting and cooling systems.

iii. Capital investment in Energy Conservation Equipment's

During the financial year under review, the Company did not incur any specific capital expenditure on energy conservation equipment or related technologies. The Company's focus continued to be on implementing cost-effective operational improvements and energy-efficient practices across its logistics operations. The Company remains committed to evaluating suitable opportunities for investments in energy conservation initiatives in line with its operational requirements and sustainability objectives.

B. Technology Absorption

i. Efforts made towards technology absorption

During the year under review, the Company continued to strengthen its operational capabilities through the effective utilization of existing technology and digital solutions. The focus remained on improving process efficiency, enhancing service delivery, and promoting digital transformation across its logistics operations.

The key initiatives undertaken include:

- Continued use of digital platforms for shipment tracking, documentation management, and customer communication to improve operational efficiency.
- Strengthening paperless operations through the increased use of electronic documentation, digital invoicing, online customs processes, and electronic record management.
- Optimum utilization of existing logistics and operational software for shipment planning, freight management, and internal coordination.
- Conducting periodic training and knowledge-sharing sessions to enhance employees' proficiency in the use of digital tools and technology-driven processes.
- Encouraging automation of routine administrative and operational activities, wherever feasible, to improve accuracy and reduce manual intervention.
- Continuous review and improvement of existing technology-enabled processes to enhance efficiency and service quality.

ii. Benefits derived like product improvement, cost reduction, product development or import substitution

The continued adoption and effective utilization of technology enabled the Company to achieve several operational benefits during the financial year, including:

- Improved operational efficiency through streamlined logistics processes and better coordination across functions.
- Enhanced accuracy in shipment tracking, documentation management, and customer communication, resulting in improved service delivery.
- Reduction in manual intervention and processing time through greater use of digital documentation and workflow management.
- Better utilization of available resources, leading to improved productivity and cost optimization across operations.
- Faster response time to customer requirements through technology-enabled communication and information sharing.

- Strengthened internal controls and improved accessibility of operational information through digital record management.

iii. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

The Company has not imported any technology during the last three financial years.

a. Details of Technology Imported: Nil

b. Year of Import: Not Applicable

c. Whether the technology has been fully absorbed: Not Applicable

d. If not fully absorbed, areas where absorption has not taken place, and the reasons thereof: Not Applicable

iv. Expenditure incurred on Research and Development:

The Company, being engaged in the business of integrated logistics and freight management services, has not incurred any expenditure on research and development during the financial year under review. The Company's focus continues to be on leveraging commercially available technologies and continuously improving its operational processes to enhance efficiency and service quality.

STANDALONE INDEPENDENT AUDITOR'S REPORT

Independent Auditor's Report

To the Members of M/s. Timescan Logistics (India) Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Standalone financial statements of **M/s. Timescan Logistics (India) Limited ("the Company")**, which comprise the balance sheet as at **31st March 2026**, and the statement of Profit and Loss, the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India specified under Section 133 of the Act, of the state of affairs of the Company as at 31st March 2026, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on the examination of books of account and explanation provided to us, we are of the opinion that there are no materially significant key audit matters that requires disclosure in this report.

Information Other than the Standalone Financials Statements and Auditor's Report thereon (Other Information)

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Responsibility Report including Annexure to Board's Report, Corporate Governance and Shareholders Information, but does not include the Standalone financial statements and our auditor's report thereon.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other Information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including the accounting standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements.

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards of Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as frauds may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit

matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of **M/S. Timescan Logistics (India) Limited** of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls over financial reporting of **M/S. Timescan Logistics (India) Limited** ("the Company") as of **March 31, 2026** in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting (IFCoFR) criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit

opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Standalone financial statements for external purposes accordance with generally accepted accounting principles. A Company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made on[y in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the ICAI.

Notes to Standalone Financial Statements for the period ended March 31, 2026

(All amounts are in Lakhs of Indian Rupees, unless otherwise stated)

1. Corporate Information

Timescan Logistics (India) Limited ("the Company") was originally incorporated in the name of Timescan Logistics Private Limited under the provision of Companies Act, 1956 with Registrar of Companies, Tamil Nadu. Subsequently the Company was converted into a Limited Company with effect from July 2, 2021 and a certificate was issued by Registrar of Companies, Tamil Nadu accordingly. The Company is engaged in the business of providing customs, clearance in surface, sea and air logistics services viz. goods transport service along with warehousing facilities at various locations in India.

1.1. Basis for Preparation of Financial Statements

The Financial Statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2015 and the relevant provisions of the Companies Act, 2013 ("the Act") as applicable. Financial Statement have been prepared on an accrual basis under the Historical cost convention.

The Accounting policies adopted in preparation of Financial Statement are consistent with those followed in previous year. All the assets & liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in Schedule III to the Act. The Financial statements are prepared on going concern basis, as the management is satisfied that the Company shall be able to continue its business for foreseeable future and no material uncertainty exist that may cast significant doubt on the going concern assumption. In making these assessments, the management has considered a wide range of information relating to present and future condition, including future projections of profitability, cash flow and capital resources.

2. Significant Accounting Policies

2.1. Use of estimates

The Preparation of financial statements in conformity with Indian GAAP requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of reporting period. Although, these estimates are based upon managements best knowledge of current event and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to carrying amount of assets or liabilities in future period.

2.2. Plant Property & Equipments

a) Property, Plant & Equipment are stated in the Balance Sheet at Cost. Cost Comprises the Purchase price and attributable cost of bringing the asset to its present working condition for its intended use. GST and other applicable taxes paid on acquisition of property, plant & Equipment are capitalised to the extent not available / utilizable as input tax credit under GST or other relevant law in force. Expenditure incurred on renovation and modernization of Property, Plant & Equipment on completion of originally estimated useful life resulting in increased life and/or efficiency of an existing asset, is added to cost of asset. The cost of replacing the part is recognised when cost is incurred if the recognition is met. The carrying value of those parts that are replaced are derecognized in accordance with de-recognition principle.

Depreciation on Tangible assets has been provided on the Straight-line method at estimated useful life prescribed in schedule II to the Companies Act, 2013.

Type of assets	Useful lives
Furniture & Fittings	10 years
Electrical Fittings	3-15 years
Office Equipments	3-15 years
P&M	3 years
Vehicles	3-10 years

Depreciation is not recorded on capital work in progress until the construction and installation are completed and the asset is ready for its intended use.

2.3. Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as Non-current investments. Current investments are carried at lower of cost or market value whichever is lower. Long-term Investments are carried at cost. However, the provision for diminution in value is made to recognize a decline other than temporary in the value of investment. Cost of investment includes acquisition charges such as brokerage, fees and duties. Provisions are made to recognise any reduction in the carrying value of Non-current investment and any reversal of such is credited to statement of Profit and Loss.

2.4. Revenue Recognition

Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, where it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, the associated costs and possible return of goods can be estimated reliably, regardless of when the payment is being made.

a. Freight Charges

Revenue from transport of goods are recognized at the time when services are performed and there exists reasonable certainty of ultimate collection of service consideration. Sales are exclusive of taxes and duties wherever applicable, and net of claims and discount.

b. Dividend

Dividend is recognized when the shareholder's right to receive payment is established by the balance sheet date.

c. Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

d. Sale of Fixed Assets

For movable fixed assets: - Revenue is recognized upon delivery of movable fixed assets, which is when title passes to the Purchaser.

For non-movable fixed assets: - Revenue is recognized upon registration and handing over possession, which is when title passes to the Purchaser.

2.5. Borrowing Cost

Borrowing costs are directly attributable to the acquisition, construction or production of an asset that necessarily takes as a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of asset. All other borrowing cost are expensed in period in which they occur.

2.6. Income Tax

a. Current tax

Provision for current tax are made in terms of provisions of the Income Tax Act, 1961 after taking into considerations, if any the deductions and exemptions provided therein.

b. Deferred Tax

Deferred tax on account of timing difference between taxable and accounting income is provided considering

the tax rates and tax laws enacted or substantively enacted by Balance sheet date, the deferred tax asset / liabilities are recognized and carried forward only to the extent that there is a reasonable certainty that the assets/ liability will be realized in future. Deferred tax assets/ liability are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonably / virtually certain, as the case may be, to be realized.

2.7. Foreign exchange transaction

Foreign currency transactions are recorded on initial recognition in the reporting currency, using the exchange rate at the date of the transaction. The difference on account of fluctuation in the rate of exchange prevailing on the date of transaction and the date of realization is charged to the statement of profit & loss. Differences on translation of current asset and current liabilities remaining unsettled at the year end are recognized in the statement of profit & loss.

2.8. Employee benefits

Employee benefits include provident fund, employees state insurance scheme, gratuity and compensated absences.

Defined contribution plans:

Contributions in respect of Employees Provident Fund and Pension Fund which are defined contribution schemes, are made to a fund administered and managed by the Government of India and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Company's contribution to Provident Fund and other Funds for the year is accounted on accrual basis and charged to the Statement of Profit & loss for the year.

Defined Benefit plans:

The eligible employees of the Company are entitled to receive post-employment benefits in respect of gratuity in accordance with Payment of Gratuity Act, 1972. The Company has made provision for the same in the financial statements for the year ended on 31st March 2026 on the basis of actuarial valuation made by an independent actuary as at the balance sheet date based on projected unit credit method.

2.9. Leases

A lease is defined as 'a contract, or part of a contract, that conveys the right to use of an asset (the underlying asset) for a period of time in exchange for consideration'. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/ purchase etc. The accounting of lease is dependent upon the type of lease contract entered by the company, i.e., operating lease or financing lease. The effect of relevant elements are recognized considering the relevant

accounting standard, i.e. AS 19: Leases.

2.10. Inventories

The Company does not have any inventories.

2.11. Impairments

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of such asset. If such recoverable amount of the asset or recoverable amount of cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as impairment loss and is recognized in the Statement of Profit and Loss.

2.12. Provisions, Contingent liabilities & Contingent assets

a. Provision

A provision is recognized when the Company has a present obligation as a result of past events, and it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

b. Contingent Liabilities

A Contingent liability is disclosed, unless the possibility of an outflow of resources embodying the economic benefits are remote.

c. Contingent Assets

Contingent asset is neither recognized nor disclosed in the financial statements.

2.13. Earnings per share

Basic earning per share is calculated by dividing the net profit or loss for the period/ year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all diluted potential equity shares.

2.14. Cash & Cash equivalence

Cash & cash equivalents in the cashflow statement comprises of cash at bank and cash in hand, demand

deposits with bank, short-term highly liquid investment with original maturity of three months or less that are readily convertible into known amount of cash & which are subject to insignificant risk of change in value.

2.15. Share issue expense

The Share issue expenses upon recognition shall be adjusted against the balance in the security premium account as permitted under section 52 of Companies Act, 2013. 25. Ratios

The Ratios for year ended March 31, 2026 and March 31, 2025 are as follows:

(Amount in Lakhs)

Particulars	Numerator	Denominator	March 31, 2026	March 31, 2025	Variance (in%)	Reason
Current Ratio	Current assets	Current liabilities	2.18	2.13	2.35	The current ratio improved marginally due to an increase in current assets at a higher rate than current liabilities, indicating an improvement in short-term liquidity position.

Particulars	Numerator	Denominator	March 31, 2026	March 31, 2025	Variance (in%)	Reason
Debt-Equity Ratio	Total Debt	Shareholders Equity	1.12	0.62	80.65	The ratio increased significantly due to additional borrowings availed during the year for funding working capital requirements and business expansion activities.
Debt Service Coverage Ratio	Earnings available for Debt service	Debt service	0.45	0.35	28.57	The increase was due to improved earnings available for debt servicing compared to the previous year, resulting in better debt repayment capacity.
Return on Equity Ratio	Net profit after taxes	Shareholders Equity	0.19	0.22	-13.64	The decrease was attributable to lower growth in net profit compared to the increase in shareholders' funds during the year.
Trade Receivables turnover ratio	Revenue	Average trade receivable	7.27	10.56	-31.16	The ratio decreased mainly due to an increase in average trade receivables arising from higher outstanding customer balances and extended credit periods.
Trade payables turnover ratio	Purchase of services & other Expenses	Average trade payables	14.62	23.51	-37.81	The decrease was due to an increase in average trade payables and extended credit terms received from suppliers, resulting in slower settlement of payables.
Net capital turnover ratio	Revenue From Operations	Working Capital	10.24	13.94	-26.54	The ratio declined because working capital increased at a faster rate than revenue from operations during the year.

Particulars	Numerator	Denominator	March 31, 2026	March 31, 2025	Variance (in%)	Reason
Net profit ratio	Net profit after taxes	Revenue from Operations	2.88%	3.04%	-5.26	The slight decline was mainly due to an increase in operating and finance costs, resulting in a marginal reduction in net profit margin despite stable revenue levels.
Return on Capital employed	Earnings before interest & taxes	Capital Employed	0.24	0.31	-22.58	The decrease was due to lower growth in EBIT relative to the increase in capital employed during the year.
Interest Coverage Ratio	EBIT	Interest Expense	13.02	10.18	27.90	The ratio improved due to higher operating profits (EBIT), enhancing the Company's ability to meet its interest obligations.

CONSOLIDATED INDEPENDENT AUDITOR'S REPORT

Independent Auditor's Report

To the Members of M/s. Timescan Logistics (India) Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the Consolidated financial statements of **M/s. Timescan Logistics (India) Limited** ("the Company"), which comprise the balance sheet as at **31st March 2026**, and the statement of Profit and Loss, the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India specified under Section 133 of the Act, of the state of affairs of the Company as at 31st March 2026, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on the examination of books of account and explanation provided to us, we are of the opinion that there are no materially significant key audit matters that requires disclosure in this report.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon (Other Information)

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Responsibility Report including Annexure to Board's Report, Corporate Governance and Shareholders Information, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other Information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including the accounting standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements.

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards of Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be

expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as frauds may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group and its subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of two subsidiaries, namely **Timescan Logistics (Malaysia) SDN. BHD (Audited by JAYASANGAR & CO)** and **Timescan Logistics LLC (Audited by TFCC AUDITING OF ACCOUNTS L.L.C)**, whose financial statements reflect total assets of **Rs. 1,143.979 lakhs** as at 31st March, 2026, total revenues of **Rs. 4,639.945 lakhs** and total net loss after tax of **Rs. 15.342 lakhs** for the year ended 31st March, 2026, as considered in the consolidated financial statements. These financial statements have been audited by other auditors of respective countries whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure A**, a statement on the

matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of **M/S. Timescan Logistics (India) Limited** of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls over financial reporting of **M/S. Timescan Logistics (India) Limited** ("the Company") as of **March 31, 2026** in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting (IFCoFR) criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Consolidated financial statements for external purposes accordance with generally accepted accounting principles. A Company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made on[y in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors referred to in the Other matters paragraph below, the Parent Company and its subsidiaries company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the ICAI.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements, in so far as it relates to the Parent Company, is based on the corresponding report of the auditors of the Parent Company. Our opinion is not modified in respect of the above matter.

Notes to Consolidated Financial Statements for the period ended March 31, 2026

(All amounts are in Lakhs of Indian Rupees, unless otherwise stated)

1. Corporate Information

Timescan Logistics (India) Limited ("the Company") was originally incorporated in the name of Timescan Logistics Private Limited under the provision of Companies Act, 1956 with Registrar of Companies, Tamil Nadu, Subsequently the Company was converted into a Limited Company with effect from July 2, 2021 and a certificate was issued by Registrar of Companies, Tamil Nadu accordingly. The Company is engaged in the business of providing customs, clearance in surface, sea and air logistics services viz. goods transport service along with warehousing facilities at various locations in India.

1.1. Basis for Preparation of Financial Statements

The Financial Statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2015 and the relevant provisions of the Companies Act, 2013 ("the Act") as applicable. Financial Statement have been prepared on an accrual basis under the Historical cost convention.

The Accounting policies adopted in preparation of Financial Statement are consistent with those followed in previous year. All the assets & liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in Schedule III to the Act. The Financial statements are prepared on going concern basis, as the management is satisfied that the Company shall be able to continue its business for foreseeable future and no material uncertainty exist that may cast significant doubt on the going concern assumption. In making these assessments, the management has considered a wide range of information relating to present and future condition, including future projections of profitability, cash flow and capital resources.

2. Significant Accounting Policies

2.1. Use of estimates

The Preparation of financial statements in conformity with Indian GAAP requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of reporting period. Although, these estimates are based upon managements best knowledge of current event and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to carrying amount of assets or liabilities in future period.

2.2. Plant Property & Equipments

a) Property, Plant & Equipment are stated in the Balance Sheet at Cost. Cost Comprises the Purchase price and attributable cost of bringing the asset to its present working condition for its intended use. GST and other applicable taxes paid on acquisition of property, plant & Equipment are capitalised to the extent not available / utilizable as input tax credit under GST or other relevant law in force. Expenditure incurred on renovation and modernization of Property, Plant & Equipment on completion of originally estimated useful life resulting in increased life and/or efficiency of an existing asset, is added to cost of asset. The cost of replacing the part is recognised when cost is incurred if the recognition is met. The carrying value of those parts that are replaced are derecognized in accordance with de-recognition principle.

Depreciation on Tangible assets has been provided on the Straight-line method at estimated useful life prescribed in schedule II to the Companies Act, 2013.

Type of assets	Useful lives
Furniture & Fittings	10 years
Electrical Fittings	3-15 years
Office Equipments	3-15 years
P&M	3 years
Vehicles	3-10 years

Depreciation is not recorded on capital work in progress until the construction and installation are completed and the asset is ready for its intended use.

2.3. Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as Non-current investments. Current investments are carried at lower of cost or market value whichever is lower. Long-term Investments are carried at cost. However, the provision for diminution in value is made to recognize a decline other than temporary in the value of investment. Cost of investment includes acquisition charges such as brokerage, fees and duties. Provisions are made to recognise any reduction in the carrying value of Non-current investment and any reversal of such is credited to statement of Profit and Loss.

2.4. Revenue Recognition

Revenue is recognized when the significant risks and rewards of ownership have been transferred to the buyer, where it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, the associated costs and possible return of goods can be estimated reliably, regardless of when the payment is being made.

a. Freight Charges

Revenue from transport of goods are recognized at the time when services are performed and there exists reasonable certainty of ultimate collection of service consideration. Sales are exclusive of taxes and duties wherever applicable, and net of claims and discount.

b. Dividend

Dividend is recognized when the shareholder's right to receive payment is established by the balance sheet date.

c. Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

d. Sale of Fixed Assets

For movable fixed assets: - Revenue is recognized upon delivery of movable fixed assets, which is when title passes to the Purchaser.

For non-movable fixed assets: - Revenue is recognized upon registration and handing over possession, which is when title passes to the Purchaser.

2.5. Borrowing Cost

Borrowing costs are directly attributable to the acquisition, construction or production of an asset that necessarily takes as a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of asset. All other borrowing cost are expensed in period in which they occur.

2.6. Income Tax

a. Current tax

Provision for current tax are made in terms of provisions of the Income Tax Act, 1961 after taking into considerations, if any the deductions and exemptions provided therein.

b. Deferred Tax

Deferred tax on account of timing difference between taxable and accounting income is provided considering

the tax rates and tax laws enacted or substantively enacted by Balance sheet date, the deferred tax asset / liabilities are recognized and carried forward only to the extent that there is a reasonable certainty that the assets/ liability will be realized in future. Deferred tax assets/ liability are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonably / virtually certain, as the case may be, to be realized.

2.7. Foreign exchange transaction

Foreign currency transactions are recorded on initial recognition in the reporting currency, using the exchange rate at the date of the transaction. The difference on account of fluctuation in the rate of exchange prevailing on the date of transaction and the date of realization is charged to the statement of profit & loss. Differences on translation of current asset and current liabilities remaining unsettled at the year end are recognized in the statement of profit & loss.

2.8. Employee benefits

Employee benefits include provident fund, employees state insurance scheme, gratuity and compensated absences.

Defined contribution plans:

Contributions in respect of Employees Provident Fund and Pension Fund which are defined contribution schemes, are made to a fund administered and managed by the Government of India and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Company's contribution to Provident Fund and other Funds for the year is accounted on accrual basis and charged to the Statement of Profit & loss for the year.

Defined Benefit plans:

The eligible employees of the Company are entitled to receive post-employment benefits in respect of gratuity in accordance with Payment of Gratuity Act, 1972. The Company has made provision for the same in the financial statements for the year ended on 31st March 2026 on the basis of actuarial valuation made by an independent actuary as at the balance sheet date based on projected unit credit method.

2.9. Leases

A lease is defined as 'a contract, or part of a contract, that conveys the right to use of an asset (the underlying asset) for a period of time in exchange for consideration'. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/ purchase etc. The accounting of lease is dependent upon the type of lease contract entered by the company, i.e., operating lease or financing lease. The effect of relevant elements are recognized considering the relevant

accounting standard, i.e. AS 19: Leases.

2.10. Inventories

The Company does not have any inventories.

2.11. Impairments

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of such asset. If such recoverable amount of the asset or recoverable amount of cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as impairment loss and is recognized in the Statement of Profit and Loss.

2.12. Provisions, Contingent liabilities & Contingent assets

a. Provision

A provision is recognized when the Company has a present obligation as a result of past events, and it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

b. Contingent Liabilities

A Contingent liability is disclosed, unless the possibility of an outflow of resources embodying the economic benefits are remote.

c. Contingent Assets

Contingent asset is neither recognized nor disclosed in the financial statements.

25. Ratios

The Ratios for year ended March 31, 2026 and March 31, 2025 are as follows:

(Amount in Lakhs)

Particulars	Numerator	Denominator	March 31, 2026	March 31, 2025	Variance (in%)	Reason
Current Ratio	Current assets	Current liabilities	1.86	2.12	-12.26	The Current liabilities increased during the year due to higher utilization of working capital facilities and increase in trade payables, resulting in a reduction in the current ratio.
Debt-Equity Ratio	Total Debt	Shareholders Equity	1.14	0.63	80.95	The Company availed additional bank borrowings/working capital facilities during the year to support increased business operations and working capital requirements, leading to a higher debt-equity ratio.

Particulars	Numerator	Denominator	March 31, 2026	March 31, 2025	Variance (in%)	Reason
Debt Service Coverage Ratio	Earnings available for Debt service	Debt service	0.47	0.35	34.29	The ratio improved due to increased operating cash generation during the year. However, the ratio remains below 1 mainly due to substantial repayment obligations and finance costs.
Return on Equity Ratio	Net profit after taxes	Shareholders Equity	0.19	0.22	-13.64	Profit after tax declined compared to the increase in shareholders' funds, resulting in a lower return on equity.
Trade Receivables turnover ratio	Revenue	Average trade receivable	7.37	10.56	-30.21	Trade receivables increased at year-end due to higher sales in the last quarter and longer realization period from certain customers, resulting in lower receivable turnover.
Trade payables turnover ratio	Purchase of services & other Expenses	Average trade payables	11.43	23.51	-51.38	The Company utilized extended credit terms from suppliers to manage working capital requirements, resulting in higher average trade payables and a lower turnover ratio.
Net capital turnover ratio	Revenue From Operations	Working Capital	11.73	13.94	-15.85	Working capital increased due to higher receivables and inventory levels, while revenue growth remained moderate, leading to a decline in the ratio.
Net profit ratio	Net profit after taxes	Revenue from Operations	2.47%	3.04%	-18.75	Profit margins were impacted by increased employee costs, finance costs, and other operating expenses during the year.

Particulars	Numerator	Denominator	March 31, 2026	March 31, 2025	Variance (in%)	Reason
Return on Capital employed	Earnings before interest & taxes	Capital Employed	0.24	0.31	-22.58	Capital employed increased due to additional borrowings and working capital deployment, whereas operating profit did not increase proportionately.
Interest Coverage Ratio	EBIT	Interest Expense	12.92	10.17	27.04	Operating profit increased during the year, resulting in improved coverage of finance costs despite higher borrowings.

Notes:

1. Pursuant to the General Circular No. 14/2020 dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020, General Circular No. 20/2020 dated May 5, 2020, General Circular No. 02/2021 dated January 13, 2021, General Circular No. 02/2022 dated May 5, 2022, General Circular No. 10/2022 dated December 28, 2022, General Circular No. 09/2023 dated September 25, 2023, General Circular No. 09/2024 dated September 19, 2024 and General Circular No. 03/2025 dated September 22, 2025 issued by the Ministry of Corporate Affairs ("MCA") (collectively referred to as the "MCA Circulars"), and all other applicable circulars issued from time to time, companies are permitted to hold their Annual General Meetings ("AGMs") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM") till further orders. Accordingly, the physical presence of the Members at the AGM venue is not required, and the ensuing AGM of the Company will be held through VC/OAVM. The Members can attend and participate in the AGM through the VC/OAVM facility in the manner provided in this Notice.

Further, the Securities and Exchange Board of India (SEBI), vide its Circulars dated May 12, 2020, January 15, 2021, May 13, 2022, January 5, 2023, October 7, 2023 and October 3, 2024 (collectively referred to as the "SEBI Circulars"), and other applicable circulars issued in this regard from time to time, has provided relaxations from compliance with certain provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") relating to the dispatch of hard copies of the Annual Report and Notice of the Annual General Meeting to Members in respect of listed entities conducting their AGMs through electronic mode and had extended such relaxations from time to time. Accordingly, the Notice convening the ensuing Annual General Meeting and the Annual Report for the Financial Year 2025-26 are being sent only by electronic mode to those Members whose e-mail addresses are registered with the Company/Depositories.

2. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
3. The Company has facilitated the members to participate in the 20th Annual General Meeting of the Company through VC/OAVM facility provided by Central Depository Services (India) Limited (CDSL). The instructions for participation by members are given in the subsequent paragraphs.
4. Pursuant to the Circulars issued by the Ministry of Corporate Affairs, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate there at and cast their votes through e-voting.

5. Corporate members intending to authorise their authorized representatives to attend the Meeting are requested to send a scanned copy (PDF/JPG Format) certified copy of its Board or Governing Body Resolution/Authorization etc. authorizing its representative to attend AGM through VC / OAVM on its behalf and to vote in the meeting. The said Resolution/ Authorization shall be sent to the company by email through its registered email address at cs@timescan.in
6. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
7. For exercising the votes by the members by electronic means, the Company has provided the facility of remote e-voting as well as e-voting during the AGM. The procedure for using the remote e-voting facility as well as e-voting during the AGM is given in the subsequent paragraphs.
8. Members joining the AGM through VC shall be permitted to exercise their right to vote using the e-voting facility at the AGM, provided they have not cast their votes using remote e-voting facility. The members who have already cast their votes prior to AGM using the remote e-voting facility may also join the AGM though VC but shall not be entitled to cast their votes again at the AGM.
9. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), the Secretarial Standards on General Meeting (SS-2) issued by the Institute of Company Secretaries of India ("ICSI") and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 08, 2020, April 13, 2020 and May 05, 2020 and the Circular issued by the Securities and Exchange Board of India dated December 09, 2020 the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized E-voting agency. The facility of casting votes by a member using remote e-Voting system as well as venue voting on the date of the AGM will be provided by CDSL.
10. Since the AGM will be held through VC/ OAVM, the Route Map is not annexed in this Notice. The deemed venue for the 20th Annual General Meeting shall be the Registered Office of the Company.
11. In line with the Ministry of Corporate Affairs (MCA) Circulars and SEBI Circulars, the Notice calling the AGM of the Company inter alia indicating the process and manner of e-voting are being sent only by electronic mode to those members whose email IDs are registered with the Company/Depository Participant(s) for communication. and amendments thereto ("IEPF Rules"), the amount of dividend remaining unpaid or unclaimed for a period of seven years from the date of transfer to the 'Unpaid Dividend Account' of the Company shall be transferred to the Investor Education and Protection Fund (IEPF) set up by the Government of India.

However, there was no such amount required to be transferred into Investor Education and Protection Fund (IEPF), during the year 2025-26.

THE INSTRUCTIONS FOR SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETING AS UNDER:

1. The voting period begins on 9.00 A.M. (IST) September 25, 2026 and ends on 5.00 P.M. (IST) September 27, 2026. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 21, 2026 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
2. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
3. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/ retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

4. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Item No. 9

Re-appointment of Mr. Shekhar Chaki as Independent Director of the Company for second term:

The Board of Directors of the Company had appointed Mr. Shekhar Chaki, (DIN: 07804376), as an Independent Director on the Board of Directors for a period of 5 years with effect from September 01, 2021, which was approved by the members at the Annual General Meeting held on October 08, 2021. The First term of Mr. Shekhar Chaki (i.e. 5 years) as an Independent Director of the Company will expire on August 31, 2026. Based on the recommendation of the Nomination and Remuneration Committee meeting held on September 01, 2026, the Board of Directors of the Company re-appointed Mr. Shekhar Chaki, (DIN: 07804376), as an Independent Director in the meeting held on September 01, 2026 for a second term for a period of 5 (five) consecutive years i.e. from September 01, 2026 to

August 31, 2031 under the provisions of the Companies Act, 2013. As per Section 149(10) read with Schedule IV of the Companies Act, 2013, an Independent Director shall hold office for a term of up to five consecutive years on the Board of a Company but shall be eligible for re-appointment on passing of a special resolution by the company. In line with the aforesaid provisions of the Companies Act, 2013 and in view of long, rich experience, continued valuable guidance to the management and strong performance of Mr. Shekhar Chaki, Independent Director, the Board of Directors state that the re-appointment of Mr. Shekhar Chaki would be in the interest of the Company.

The Company has proposed the candidature of Mr. Shekhar Chaki for the office of Director of the Company. Mr. Shekhar Chaki, is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and he has also confirmed that he is not debarred from holding office of Director by virtue of any SEBI order or any other such authority and has given his consent to act as a Director. The Company has received a declaration from Mr. Shekhar Chaki confirming that he meets the criteria of Independence as prescribed under Section 149(6) of the Act and SEBI (LODR) Regulations, 2015. Brief Profile of Mr. Shekhar Chaki, nature of his expertise in specific functional areas, names of companies in which he holds directorship, memberships/chairmanships of Board Committees and shareholding as required under SEBI (LODR) Regulations, 2015, are provided in the Annexure to this notice. The sitting fees and commission, if any payable to Mr. Shekhar Chaki as per the provisions of the Companies Act, 2013, the SEBI LODR Regulations and the policy of the Company, as applicable.

In the Performance Evaluation, the performance of Mr. Shekhar Chaki was evaluated in accordance with the Performance Evaluation framework adopted by the Company. His Performance during his first term was found to be satisfactory and effective in discharging his roles and responsibilities as an Independent Director of the Company. The Board noted that his knowledge, experience and expertise in the Shipping and Logistics Industry have been valuable by the Board and its committees. The Nomination & Remuneration Committee, recommended the re-appointment of Mr. Shekhar Chaki and Board of Directors of the Company has approved and recommended his re-appointment for a second consecutive term for a period of 5 (five) years, as provided in the resolution.

Pursuant to Regulation 17(1C) of the SEBI (LODR) Regulations, 2015, approval of the shareholders for the re-appointment of a person on the Board of Directors is required to be obtained at the next general meeting or within a period of 3 months from the date of appointment whichever is earlier. Therefore, it is proposed to seek the member's approval for the re-appointment of Mr. Shekhar Chaki as a Non-Executive & Independent Director of the Company, in terms of the applicable provisions of the Act.

The Board recommends the Special Resolution at Item No. 9 of the accompanying Notice for approval by the Members of the Company.

Mr. Shekhar Chaki is concerned or interested in the Resolution set out at Item No. 9 of the Notice, as it relates to his re-appointment as an Independent Director. None of the other Directors, Key Managerial Personnel of the Company

or their respective relatives is concerned or interested, financially or otherwise, in the proposed Resolution.
